

# ENZ-OUT

Organic Stain Reclaim Additive

**ENZ-OUT** is the most advanced product available for cleaning greases, oil stains, food stains and makeup. Using ENZ-OUT will result in cleaner, brighter linens and shorter wash times compared to many other systems. Low pH formula reduces loss of tensile strength and increases fabric life.

Maximum effectiveness for oil and grease removal.

Superior wetting and emulsification.

Enzyme fortified for removal of food stains.

Mildly alkaline formula; non-caustic.

Less hazardous to personnel.

Increases fabric life by reducing loss in tensile strength.

## PACKAGING:

8 x 1 lb pouch (#747410)

## PROPERTIES:

|                              |                                  |
|------------------------------|----------------------------------|
| Color - Off-white-powder     | Hard Water Tolerance - Excellent |
| Fragrance - None             |                                  |
| pH - NA                      | Rinsability - Excellent          |
| pH, Use Solution - 10.5-10.8 | Fumes - None                     |
| Detergency - Excellent       | Flash Point - None               |
| Wetting - Excellent          | Corrosive Factor - None          |
| Emulsification - Excellent   | Shelf Life - 1 year              |

## BAR CODE & CUBE INFORMATION:

Dimensions - 12.5 x 6.5 x 7.5  
Weight - 8.75  
Cube - 0.353  
PKG/Layers - 21  
Layers - 5  
Pallet - 105  
Hazardous - No  
UPC Code - 784331747406

## SAFETY:

Read label carefully before use. For industrial and institutional use only by trained personnel. Keep out of reach of children. Harmful if swallowed. Causes severe skin burns and eye damage. For further information, consult GHS Safety Data Sheet.

## DIRECTIONS FOR USE:

See your chemical representative for programming and/or wash formula selection.

Place packet contents in empty wash drum. Load washer with linens. Start cycle.

Use one packet for up to a 50 lb. rated machine capacity. Use one more packet for each additional 50 lbs. increase in machine size.

Allow the washing process to continue through its usual steps to completion.
